“ Mark was my 1st cousin...we grew up together in Batavia, NY before his family moved to Rochester. Although I saw him less after the move, I always knew that Mark would make big contributions to the world. He was smart, soft spoken and determined. My heartfelt condolences to his family...I'm sure he was loved.

“ Marisa and family,

I have fond memories of the family parties, birthdays and first communions. Gena, Joe would bring you two to family events. Mark was a little younger, but I always liked to hang out with him. He always had a plan, and we did laugh a lot.

Haven't seen him in so many years but as soon as I saw that picture of his his smiling face it brought back great memories and made me smile.

I know he had more than his share of obstacles, it sounds to me he became a fine doctor, a loving husband, father, and a great mentor.

My sympathy to the family, may god's blessings keep his memories alive in your hearts.

“ Dear Lauren and family,
We were so saddened to hear of Mark's passing. Find comfort knowing he as peace and resting with his father and mother and our Lord. You are in our thoughts and prayers.

I will share this news with my mother, Sue Virgilio. Gina and Joe were my Godparents, so, needless to say, growing up, our families spent alot of time together. Mark was a great man.

Love and peace to you, to Matthew and Kristen, and all your family.

“ I had the honor and privilege to work with Dr. Marchese at Frye. I learned so much from him about neurosurgery. He had such a great attitude and desire of and for his his profession.

"To make a difference you must make a difference". That is what always came to mind when I thought of him. I credit Dr. Marchese for my love of neurosurgery. I am honored to have learned from such a great teacher. My prayers for Peace and Comfort for the family.

“ The world lost a wonderful man. He loved using his God given abilities to help heal hurting people. Patients were always amazed at his ability to remember little details about their lives and even their family member's names. He was one in a million. I'll miss you my dear friend. Loving thoughts and prayers for his devoted wife Lauren and his pride and joy children, Matthew and Kristin.

“ Remembering Mark and his amazing family when they lived in Hickory. Dr. Marchese was the kindest best Doctor I have ever known. He listened with confidence and put his patients first. He also had such a great and wonderful sense of humor which would put you at ease. So sad he was unable to continue being what he was best at. Great family man who cared deeply about his family. May he be at peace now. Much love and sincere condolences to Lauren, Kristin, and Matthew .

Blessings to you all

“ I just learned of the death of Dr. Marchese. I was one of his first patients and remembered the stacks of medical books in his office that he hadn't unpacked when I went in for my first consultation. I will never forget his knowledge and kindness and compassion toward me while I was in the hospital and, most especially, the joyful outcome that I had after his skilled hands performed my surgery.

I was also honored to have taught his son Matthew in preschool. I would imagine that he has grown into a young man who's has made his father very proud. It was a pleasure to have Matthew in my class. Please give him my love.

I send my sympathy and prayers to the family ...

“ I had the pleasure of working for Dr. Marchese for 4 years until his retirement due to Parkinsons. He had the largest heart and concern for his patients that any physician could have. He always had great quotes and a great memory of every patient. One of his great quotes was "No good deed goes unpunished. But you have to keep doing them." And that he did. Always there to help others. He used to help move the buildings out to Hart Square to help Dr. Bob Hart. I am sure they are talking about that now in Heaven together. My prayers go out to Lauren and his children!

“ I am so sad to hear about Dr. Marchese. I worked with him in the Neuro ICU for several years. He was a superb neurosurgeon, a wonderful person and a great friend. My heart and prayers go out to his wife Lauren and his family.

“ I worked with Dr. Marchese at Frye Regional during his time there. One of my best memories of him and an example of his kindness occurred in 1991 when I lost my husband unexpectedly. Dr. Marchese came to my home to mow my lawn. As is often the case, the mower didn't want to start. He was persistent and got it running. I have often chuckled to myself when I have thought of having a neurosurgeon mowing for me. It was probably the best it had ever looked! I always enjoyed working with him. He had a beautiful family and their love for each other was evident. My thoughts are with you all.

“ I am very saddened to hear of Mark's passing yesterday. We were surgical interns together at MCV Hospital in Richmond, VA in 1983. A direct quote from him at the time--"We are 2 men, who wear white coats, and drive with our lights on, most of the time."
We both started our neurosurgical practices together in Hickory, NC in 1989, and worked together until his retirement in 2002.
Mark was greatly loved and appreciated by his patients, and he was admired for remembering minute details of their lives, thus demonstrating his caring for them as individual people with unique life stories. He demonstrated many of the best qualities of being a physician.
Through very difficult times, he maintained his optimism, sense of humor, and humanity.
My deepest condolences to his wife Lauren and his family; I know he will be sorely missed.
