“ *Kristi I'm so sorry to hear of your Dad's passing. He was a great friend and co-worker and I enjoyed working with him for about 8 years. My thoughts and prayers go out to you and your family. He never stopped talking about his grand-daughters who he loved very much. I will always consider him a friend and someday we will meet up again and continue on with our friendship. I'm saddened by the death of such a good man. It is from this sadness that a feeling of gratitude emerges. I feel honored to have known him and blessed that his passing serves as a reminder to me that my time on this beautiful earth is limited and spending time with those we love is so important. Again I am so sorry for your loss.*

“ My deepest condolences to Alan's family and friends. I was very saddened to hear of his passing. I had the good fortune to share some time with Alan over the last couple of years at a few different functions. It was always a pleasurable experience to be around him. To me that is what life is all about. The experiences we participate in and share with others. Alan was lucky enough to be surrounded by people he loved and that loved him right up until his passing. I hope I am lucky enough to experience that kind of love when it is my time to pass. Keep him in your heart and rest easy knowing he is no longer sick and remember that the experiences you shared with him made his life rich in quality and full of love.
