“ *Alison and myself had been friends since we were 9 years old when we first met in primary school when she lived in Perth. We became very close friends and as we got older were always together. We had a lot of great times together which I will cherish for years to come. Though we did not talk all the time as soon as we did it was like old times..*

Dave, Scott , Jamie she will be missed .

She will live on within each one of you because of the love you all have for her in your hearts.. the grand babies have a little if her in them too.

So thinking if you all..

“*Alison was our Daughter-in-law for over thirty years. She was devoted to our son, Dave, and our two grandchildren, Scott and Jaimie. She also loved her "Grand-Babies" as she called them.. Alison also had a great devotion to homeless and abused animals and took many of them into her home. Alison never complained about the pain that she was in, but lived every day to the fullest. A light went out this last Sunday but Alison lite a light in our hearts that will never go out.. Rest in Peace dear one.

“ Alison and I worked together at the Humane Society of Iredell Count for many years. There was nothing that she would not do to save the life of a needy family of kittens or an adult cat. She worked thru pain all the time, you could see it but she never complained. Not showing up was not part of her vocabulary. How she got thru it is a mystery to me, the pain didn't faze her where her love of saving lives was concerned. Alison was a true hero in every sense of the word.

I worked with Alison for several years at Strawbridge Elementary School in Virginia Beach Virginia. She was the best coworker I ever had. Soon we came very good friends as a result of working together. It's true no matter what was going on or if Alison didn't feel good no matter what the situation she was always at work doing what she was supposed to do and never complaining. She was truly remarkable. Our love animals brought us even closer together and shared all the moments of happiness and sadness with our animals together. She was such a loyal friend and someone you could always count on. I will miss her greatly but I have alot of great memories of her that I will cherish. Love you girl!!❤️❤️❤️❤️

“ Alison and I met in Australia when we were both teenagers. We hung out a lot and always had a great time. When Alison met Dave they fell in love and married taking Alison to the United States. As fate would have it I was brought to the states as well in which we picked back up our friendship. Over the years we kept in touch with the occasional visits. She was a wonderful, fun friend whom I will miss tremendously!
