“ *Memories of your mother will always be with you.*

I've enjoyed a few intriguing conversations with Lavonne, of which, we always agreed to disagree. She had an easy laughter and I've seen tears welled from her eyes about some things she was passionate about. Lavonne's greatest moments of joy were sharing photographs of her grandsons and granddaughters and her reminiscences of her children and grandchildren's accomplishments. I will miss her colorful fashion and prudent ways.

Your mother will be missed in the neighborhood.
