My Dearest Friend Andrea,

My dearest friend Andrea with your heart of gold. God sure did break the mold.

I still remember the first fruit pizza you made, and our first Starbucks escapade.

Nothing could alter your smile as you found the good, regardless of the tribulations and trials.

You teach our young ones about the men and women they want to be, because eventually from their youth they will be set free.

In your father and husband's difficult days may your smile shine down on them and light their way.

So I say to my dearest friend in heaven you will be, I hope you knew how much you meant to me.

“ *She was an amazing person and teacher to my daughter. We didn't have the money for a school field trip and she paid for my daughter to go on the trip out of her own pocket. She will be truly missed and loved. Sending prayers

“ Mrs. Melton this is a great loss. You've taught both of our children N'Ziyah and Dezryn. They are both deeply hurt to know they won't hear you say "Hey Love" or "Hey My Sweet Girls" while walking the halls of ICA. I thought the world of you because you truly cared for them and your students. Truly gone too soon. Condolences to your family and loved ones. I'm sure they all knew you were amazing in every way. Rest peacefully. ~The Stevenson Family

“ Ms. Melton was a teacher that truly cared for her students. My daughter Emma loved her classes, and also her love for pets she brought into the classroom. It was always a fun atmosphere. Emma said she wasn't comfortable attending the funeral (as she just lost her daddy a few weeks ago), but we send our thoughts and prayers for the family and friends of Ms. Melton. She will be missed.

“ One of my favorite memories was a trip to New York City for Andrea's 18th birthday with her mom and her Aunt Barbara. We went to see the musical Wicked in its first week on Broadway. Andrea's smile lit up her world and everyone around her. We're so fortunate to have known her for most of her life and she will be greatly missed.

Our heartfelt condolences to her family.

“ Mom, Mrs. Melton has her lab coat on, that means we are doing experiments in science today. With such excitement that only a 4th grader could muster up Kristin loved your class and loved you just as much. You were one of her favorites, one of many that she looked up to, wanted to be like, showing kindness and compassion. A smile that could light up a room and a heart full of love to give if only one would receive it. We have been very fortunate with the teachers that our daughter has in the past and Mrs. Melton you were truly one of the good ones. All of our hearts at ICA and Langtree are with you and your family. This one is going to hurt for awhile because that's just because you were just that special.

“ Prayers and love for all of Andie's family and friends, Andie was a friend to everyone-always willing to help and assist with her beautiful smile. Everyday, I would see her ready to teach our students not only about Science, but how to be a better person. She would take the time to talk with students when they needed extra love that day. She did this with her teacher friends as well. She put everyone first. Her classroom was filled with talking, laughter, messy science projects and the cute classroom pets. It was such an amazing space for kids. She was a phenomenal teacher. She is soo loved and will be soo missed.

“ You really connected with Peyton over the last couple years while teaching him in both 4th and 5th grade, helping him navigate through so much. We are so thankful for you and so incredibly heartbroken. You were taken far too soon. Rest in the sweetest peace, Mrs. Melton. You are loved 🕊️📖
