“ *Dear Peter and Alida,
Feri and I send our heartfelt condolences to both of you and the family. We were deeply saddened to learn of Angel's passing. He was a wonderful presence at the Parrot and the marina. We watched him grow from a 9 year old boy to 15 then covid hit so we missed the last 3 years of his life. We are thankful for his 18 years of life with a loving family and his accomplishments. Heartbroken that his life was ended way too soon. The only comfort we have is that he is with God and his angel brother Mark who we still miss so much. Please know you all are in our prayers that God brings you comfort during this painful time. We love you like family.
