“ *Carol I couldn't feel any thing when you died but here lately I have been grieving your death I'm so sorry for all I put you through in my addiction bc you always had my back and I can never repay you . I'm so sorry all the times I was so selfish to you and mistreated you. I wish I would have said these things to you when you was here but now your gone. Seems like that's is the story of my life is regretting what I wish I would have did or what I wish I wouldn't have down with people placed in my path . I remember you always come and seen me when I was locked up and wrote me and took care of my son. It was you that saw in me what I am doing now when I couldn't see it in my self you use to always tell me that one day I would get clean and help a lot of people and I'm doing that now I'm so sorry for everything woulda could never do justice I love you you was a real person and will always have a place in my heart I love you*
