Colin Bruce Clement Young (March 2, 1988- May 12, 2021)

Colin Bruce Clement Young was born on a cold and snowy day on Thursday, March 2, 1988. From the day he was brought home, spring miraculously sprung early, and so his precious life began. Colin was a vibrant and amazing, charismatic soul. He was physically beautiful with ocean blue eyes, golden hair, and a brilliant smile. He was kind, sympathetic, a loving being who cared for and accepted those around him.

He was a cherished mentor to his younger brother, Scott, and a loving son to MaryBeth and Buff and will be greatly missed.

Colin was passionate in all aspects of his life. He had an outrageously unique sense of humor, immense love for his family, pets, friends, and a genuine love of music and the great outdoors.

Colin lived life with intensity. As an athlete, he excelled in track, football, and baseball receiving all-state honors as a sprinter. His quick speed and agility served him well on the field as an exceptional half-back and centerfielder.

During high school, Colin was drawn to pursue music full-time. Together with his treasured childhood friends, they formed "Buff's Truck" and played the local Fairfield County Circuit. The band had a brief revival in 2015 and played numerous shows and small festivals around New York and New England.

Music would become Colin's salvation.

Colin's career path as an Audio/Video Conference Engineer excelled him to ultimately accepting an audio engineering position at the Pepsi headquarters

in Plano, Texas and led him eventually to HB Communications contracting for the past year out of Charlotte, NC. While in Dallas he continued to play bass guitar in the band Pillow Pocket, which received success in the Dallas jam band scene.

He was very proud that his closest friends thought of him as a great musician. His performance standards were nothing short of excellent. Disciplined in practice, his gift of and an ear for sound truly made him an incredible musician. It was music & love that gave him the most joy and happiness. It was his true escape.

Colin loved his dogs with all his heart. They were often his solace. Buddha, his alter ego, Houston, and a spacey cat named Booty. Rosey was his gift from the heavens as only she could match his level of energy.

We genuinely believe that Colin was on this earth to teach us all about loving life, acceptance, and self-truth. Our lives are forever touched and richer, having known him. Many thanks to all who gave Colin the chance to find his way, where now he lives in our hearts.
