“ What I appreciate about Connie would fill pages of a journal. She helped buy and sell our house, that's when I first met her. She soon became a close friend, not only to me, but to my family. She always shared her decorate talents at holidays. Easter bring her favorite, that's when she would dress up like a giant bunny and deliver baskets full of goodies including eggs with works of art inside. She never missed a birthday and on my 50th she surprised me by flying my son and granddaughter in from tampa! Our trips together to Charleston sc and to the mountains remain some of my favorite memories. Connie was more than a friend she was a special part of my life and I will sorely miss her. “ I will miss Connie dearly. I always enjoyed cutting and styling her hair. I will miss her stories and her kind demeanor. She loved plants like I did too and often commented on the Camelia's in her yard.
