“ *Cynthia was my coworker for many years, and I enjoyed very much working with her. She always had a good smile and kind word. Her humor and great attitude is what I remember most. I've always thought of her fondly. Truly, Cynthia is one of the very best persons that I've ever had the privilege to work with. She had a way of just spreading happiness.*

“ *Cynthia -I will never forget you and will love and miss you always. We met at "Officer Candidate School" orientation and immediately became forever friends. You were my "hut mate" and somehow had us laugh throughout the academy. Loved the times at the Dinah Shore Events in Palm Springs. You fought your cancers as a warrior and I am glad that you are now at peace. My condolences to Cynthia's family and she spoke fondly of you all often.*

“ *My sweet little girl is now an awesome angel in heaven. I called her my Pirate Princess. She fought 4 types of cancer for the last 10 years and she was definitely a fighter. I know she is now happily being surrounded by her Dad, Grandparents and all the rest of our family. I will treasure all my memories until we meet again in heaven. I miss you and send love, hugs and kisses to you.*

“ *I had the pleasure of getting to know Cynthia a little bit through working with her for the past year and a half. I can honestly say I have never met anyone quite like her and will fondly remember a few of the conversations we had in the last few months. With everything she was facing, I never once heard her complain - which speaks all anyone needs to know about her as a person. I am deeply sorry for your loss and my thoughts and prayers go out to her family.*

“ To Susan, David, Ron and Gunner, my sincerest condolences. Cynthia was not only one of my favorite (and best) hires, she also became a true friend. I will miss our morning drive chats and the laughter that dominated every project we worked on together. I will always remember Cynthia for being a warrior, for being honest, and for her singular sense of joy, in spite of all her health issues over the years - we often laughed about how we could easily recreate the scene on the boat in "Jaws" where they compared scars. We could laugh about practically anything, but when it came to getting things done, there was never a doubt that Cynthia could be counted on. Her spirit lives on. Susan & David, I wish you peace in your hearts and strength as you live forward.

“ Cynthia has been a dear friend for years. We first met when we worked together in California. She was always making her co-workers laugh and smile. She LOVED to dance. We remained friends through multiple moves, careers and illnesses. I always treasured her positive outlook and resilience. She has always been such a bright light and I know she is in a better place, watching over us - without pain.
