“ *I am sorry to hear of David's passing. The last time we talked, he was so happy and told me all about how you and the girls were getting along. My condolences to you and the girls for the loss. Truly David was a most generous, decent and nice person.*

“ *Kathleen, You shocked me with your so sad news of David's passing. I wish I could be there to help, but I am happy to hear you are surrounded by family and friends. It always seemed unbelievable that the world just keeps spinning, seemingly unaware that a loved one is no longer here, but the truth is that there are many around you who have and will continue to pause and miss David. You are not alone in that, regardless how it feels. Take time. Take extra care of yourself. I love you.*

“ We just heard about David's passing this week. David was a staunch supporter of AATCC, and both members and staff will miss his vivid presence at our meetings. His contributions to textile quality testing will improve the lives of countless people that have never met him. Our thoughts, prayers, and sincerest condolences are with his family.

“ Kathleen, The sad news of Dave's death arrived today and I just wanted to let you know how sorry I am to hear it. No expression of sympathy -- no matter how deeply felt -- can help much right now, but I wanted to let you know that my thoughts and prayers are with you and your family.

“ Dear Kathleen, I worked as Dr. Eagle's nurse for many years. David was a bright soul and I always enjoyed caring for him. I had just recently come back to work at Lake Norman Oncology. It will not be the same place without his smiling face. Hugs to you and your family.

“ *To Kathy, Peggy, Holly and all of David's family - I was greatly saddened to hear the news about David yesterday. I know how long and how hard he fought this thing. We can be assured that he will not have to fight anymore, but I know he will be sorely missed. I have many great memories of David from our years at IRC, and it was a pleasure and an honor to work with him. I learned so much from David back in the day when we were doing so many trade shows to educate the world about indoor air quality. I'll never forget his gentle spirit and his pleasant smile, and how he always went out of his way to help others. Kathy--he was so blessed to have you to love him and take care of him and I know you shared many wonderful years together. Holly and Peggy - your dad was always so proud of you both, and I know that is still very true for you and your children. God Bless you all, at this most difficult time.*

“ So sorry to hear of David's passing. He battled cancer bravely. I served with David on AATCC RA31. He knew more about AATCC TMs 30, 100 and 147 and about antimicrobial testing than about anyone I have known...he will be missed...
