“ *I was deepen sadden to hear of David's passing. I've been blessed to know so many students in my many years, but David really sticks out. As his principal during his time at Heritage Heights Elementary School, I was always impressed by his presence, passion, and inviting personality. His smile, quips, intelligence, and encouraging words added to our school each day. He convinced me that someday I would read about him as a Congressman or even President.*

*While I know your heartaches the loss of a child, I hope you find rest and comfort knowing that David, positively impacted others, even as a young child.*

*My thoughts are with you all and I pray that you will find both strength and peace in the days to come.*

“ I am so sad to hear of David's passing. I knew David thru my son. My son went to Mount Mourne with David. I went on a school field trip to the coast with David...what a great soul.

On the bus ride to the coast, one of the teachers asked if anyone wanted to sing karaoke and here came David running saying, "David coming live!" It was too funny!

Then one night in the cabin while we were trying to go to sleep...some of the kids were being loud. David jumped up, got his belt and went around "spanking" the noisy ones. Again, a great laugh!.

After dinner, David would offer to help clean up and wipe down our table and make sure there was nothing left to do.

The world has lost a great person. You know how sometimes you meet someone and can tell right away that they are special and are going to be a great human being...that was my impression of David.

This really breaks my heart.

When I think of David, I can picture him singing on the bus. He always had a smile and made people laugh.

To David's family... I cannot imagine what you are going thru, but please know that your son make a great lasting impression on me...a really super nice kid!!

“ *David and I worked together at Chick-fil-A and I can say without a doubt that he will go down as one of the best coworkers I will ever have in my lifetime.*

*He made the difficult shifts a little lighter with his vibrance, humor, and willingness to listen. I always looked forward to the shifts we shared, knowing I was in for bunch of laughs and smiles, but also a calming presence and listening ear.*

*I'm grateful for the time we spent together and him keeping in touch with me after I switched jobs.*

*He was such a great guy, all around, and there will never be anybody else like him. I'll miss you, my friend.  
Rest easy.*
