“ I was so fortunate to have worked with Donnie for over 20 years. He and I (and many, many more people) spent a large amount of time "on the road", and were graciously hosted by many of the top banking institutions all over the country. When you found out you had to travel, and you knew Donnie was going to be there with you, you always felt great, because I don't believe there was ever a situation confronted that Donnie couldn't solve. He was so calm all the time. I often thought that if we were under assault, Donnie would always be the person you'd want in the foxhole with you. He was such a great person, more interested in you than himself, and gave so much of his time whenever anyone needed it.

*I, like most of our associates in the SSW (Sam Smith World), loved Donnie very much, and hope there are no trees on the golf courses in Heaven. All my love to Nancy and the family.*

“ I really have no words except how very sorry I am. You and I have been friends since first grade. Our lives took us in different directions, but that by no means meant I forgot our childhood memories. I will have you in my thoughts and prayers. God bless you and your precious family.

“ *A great friend has left us to be with his master. Time sure seems shorter, every day. I'm so glad I was able to renew our friendship after so many years separated, running our own course. He spent a short time in Louisville and my family and He and Nancy were able to get to know each other.*

*Our thoughts and prayers are with Nancy and his family.*

*So glad I was able to become friends with you and Donnie some six plus years ago. You are so very special! We all had some fun times together. I know that life will be different, but I hope the love of your friends and family help to get you through. We are far in physical distance, but not in our hearts. You are welcome and wanted here again anytime. Our thoughts are with you!*
