“ Although I was not family, Fern sure made an impression on me! She was such a funny lady and I could just tell she must have been such a blast in her younger years. I used to respond to her house as a police officer and help her out as best I could. ♡ I hope she knew how much I enjoyed her.

“ One of my favorite memories is Fern telling me how she and Nick used to drive. Fern couldn't depress the clutch due to polio but she knew how to do the gears. Nick could handle the clutch but didn't know the gears. So they worked together, each doing what they were capable off, to get to wherever they wanted to go.

“ *During the years our back yards adjoined each other, Mrs. Walters was an energetic, welcoming parent who let us kids play & make noise & read Dreama's comic books without interference! She let us have fun but we knew she had an eye on us! Good memories! Sending hugs to Dreama & the family.
