“ *For Patti, Tom, Laura, and Cohen, More than a year after his passing, it still breaks my heart to know the pain and suffering that you experience. I think of Frank and the life that could have been almost every day knowing that he is in a better place. Sometimes the memories roll down my face as tears. I hope that you find the peace and solance as time passes on knowing that Frank will always be with you as part of your heart and soul.*

“ *Frank was never afraid to ask a question and was often the only one with courage to ask the CEO a question during all employee meetings about the direction of the company or how business choices would impact the Charlotte office. I always admired that about him.*

“ Frank could always get me to laugh, I will miss his sense of humor. He was a very good electrical designer and understood how to use the computer to solve drafting and design problems. I'm glad I had a chance to work with him and get to know him. My thoughts are with his family in their time of grief.

“ To the Redden family, I can't imagine the pain you must be going through. I enjoyed working with Frank, he was always quick to lend a smile or a helping hand. He loved his son Cohen so much, and I used to enjoy hearing about the things they would do. I am so deeply sorry for you all! You are in my prayers.
