“ I never knew Harley, but hearing Michon talk of him, always with a laugh and a smitten smile on her face, made me realize what a one of a kind guy he must have been. Michon lets God flow through her to do what she does do well and Harley, I know, did as well. What a wonderful team along with Alex God brought together. I am praying for you and Alex, Michon. God is, as always, working through you. He will take your broken hearts and cherish them as he brings them to a new life together with Him. His love and support are gently covering you, like a shaft of sun in the darkness, flooding you with Him.
Though you may not feel Him just now, He's there. Those of us you poured your gifts and prayers into are doing the same for you now. Because we love you.

“ My deepest sympathies to Michon, Alex and all of Harley’s family and friends. He was larger than life, kind, funny and a great leader to us at Duke Energy. My latest funny story about Harley was when he was in Florida for Hurricane Idalia and he called me to ask where the Mexican Restaurant was that we all liked down here. I had to laugh as I’m watching things float down my canal that became everyone’s yards. It was a little too flooded to get there at the time but I’m sure he found something good 😊. Unfortunately, I didn’t get to see him while he was here. Rest In Peace, Harley, you will be missed. Praying for his family for peace and comfort at the tremendous loss. God Bless. 🙏
