“ *Helen was a beautiful light in this world. She was our next door neighbor during the last two and a half years we have lived in the neighborhood. She was always smiling and would be so pleasant to talk to whenever we would see one another. God bless her beautiful soul and the royalty she now enjoys in Heaven. Love and prayers for all who knew her and loved her.*

“ *What a tough year it's been for your family! Please know I am grieving with you and sending condolences your way. Lisa and Jeff, your mom was a terrific person and I know she will be sorely missed by the friends, family and community she has left behind. I am sure she felt blessed to have such great and attentive children; you certainly could not have devoted any more of yourselves to her loving care and support during this prolonged illness! There is no doubt in my mind that you gave her the best possible care that she could have had. I am grateful to have such wonderful memories of your family from my youth, as your mom and dad always welcomed me into your home so warmly and treated me with great kindness. I am very appreciative for the love and support they gave so freely to me and to others. It's so hard to believe that they are both gone, but hopefully by now they have found each other and are together again, comfortable and content. May they both rest in peace. Much love to you and your family, Stacia*
