

## Helena Stowers Sharrar

March 22, 1942 - February 21, 2022

Ms. Helena Stowers Sharrar, age 79, died peacefully on Monday, February 21, 2022, surrounded by her loving family.

Helena was born in Rural Retreat, VA, to the parents of Henry and Lucy Gordon and was a sibling to many brothers and sisters. She lived most of her life in Harpers Ferry WV and then moved to Charlotte NC in 2015 with her daughter and family.

Following her retirement from a very long and distinguished career within a prominent engineering and project management company, she enjoyed spending time with her family, friends, reading and gardening.

She leaves behind one daughter Cindy Brown, son-in-law Carl, grandson Christopher - whom she shared a very special relationship, her beloved brother, Danny Gordon and his wife, Bonnie, and a very close niece Tammy Markle, in addition to many other nieces and nephews.

Mom - as you would say - We love you more today than we did yesterday, but less than we will tomorrow.

Cavin-Cook Funeral Home and Crematory, Mooresville NC, is serving the Sharrar family.

Condolences may be sent to the family at [www.cavin-cook.com](http://www.cavin-cook.com).

MH

“ Dear Family of Helena Sharrar: I live in Martinsburg, WV which is in the next county adjacent to Harpers Ferry (Jefferson County). For a time when I commuted from Frederick, MD, in the mid-70's or so, I worked at what I think is the very same engineering and project management company, as is mentioned in the newspaper obituary (in our Martinsburg Journal). My first assignment (clerical, not technical) was on the project where Helena was. I was taken by her brilliance, wit, grace, beauty, and the certain dedication and demeanor needed for those kinds of projects. I just loved , respected, and admired Helena. She treated everyone with respect, and integrity. She was so smart! I also just loved the sound of her name: Helena Sharrar, seems like it should be in some noble renaissance novel. I didn't have a lot of time in the same office as Helena, but even if it was only one day, I would have cherished having met her. I was transferred to another project in another building, so I rarely saw her after that. But I will Always remember her, and I am grateful to have read and learned more about her, after all these years. I send my sincere condolences on your loss of his vibrant lady.
