*Charlie,
I was so sorry to learn just today about Iris. I taught with her in Ramsey for many years. She was a lovely person, always impeccably dressed and pleasant to everyone. Iris had two solid professional degrees in science, and she loved teaching in her discipline. She lost contact with many she taught with after her retirement and move south. I thought of her often. My sympathy to you and your family.

I was so sorry to hear about this today. I had Mrs Binder for chemistry at Ramsey High School back in the 80's and words cannot express what a difference she made in my life. She was able to see the potential in me and helped challenge me to take harder courses she knew I was capable of handling. I can honestly say I don't think I would have attended the university I did or have the job I do today if it not for her guidance and support. I am forever grateful for the impact she had on my life growing up. My condolences to you and your family.

“ So sorry to hear that Iris has passed. We remember when she and her friends would walk around Spring Acres almost every day. At the time being new to the area it was nice to talk to neighbors. Iris was always smiling.

“ *Lou and I were so sad to learn that Iris took a turn for the worst and was taken to CMC. I hope her being there gave you and your son and daughter the opportunity to be with her. We know how difficult it has been not being able to visit with her these past few weeks (because of the nursing home being in lockdown). Our thoughts are with you and we hope that just knowing that you have so many friends sending you their prayers over the upcoming days will give you some comfort. Lynn and Lou Mintzer*
