“ *Jimi finnorn...what a nice guy. I remember the last time I hung out with jimi we got steak and tuna from the local butcher and cooked up a good meal for us and his kids. He loved his kids so much. And he loved the New Orleans saints. It was so nice spending time with him and his kids up on the lake. I remember he was teaching his young kids how to fish. He was so generous to bring me into his family and share his good food with. He was definitely a foodie. He was a very good cook and a very good guy. I fell sorrow for everyone involved. I'm glad I got to know jimi*
