“ Jeff and I worked together and Newport News Shipbuilding back in the '80s. We were best friends for many years. I quit and moved to Thailand in 1993. I only saw him one time on my infrequent visits home. Jeff was an awesome guy... fun, funny, smart, and caring.

I just started looking up some old friends and was shocked to see that he passed. I wish I would have stayed in touch more.

“ I worked with Jeff at Mueller. I live in Alabama and come to North Carolina about every other week to work. I am shocked and saddened to hear of Jeff's passing. He seemed to be doing well after surviving his first heart attack and I really hoped he would be OK and live many more years. Jeff did a lot of testing for the projects I worked on. We worked closely together in the water lab, setting up and running the various tests. Jeff did not know much about water meters when he started, but he was a smart man and learned quickly. He did good work and his contributions in the test lab will be greatly missed. I enjoyed working with Jeff, he had a dry sense of humor that made my work day more fun and interesting. He was knowledgeable and opinionated about many subjects. I will miss his company. My sincerest condolences to his family and friends. Thierry Swinson

“ I send my deepest condolences to the family and friends of Mr. Lindle. Although I don't know the family personally, I'd like to offer some consolation from God's Word, the Bible. John 5:28, 29 talks about the hope of seeing our loved ones again when they are resurrected back to life. Once resurrected, they can enjoy the promise found at Revelation 21:4: "And he will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain by anymore. The former things have passed away." May this beautiful promise bring hope for the future and peace of mind now!

“ Jeff, you are already missed around here at work. It's just not the same without your humor around here. Gone way too early friend, rest in peace. To his family, I'm so sorry, my heart goes out to you in your time of loss.
