“ Jeff has been a good friend and fellow co-worker at Neil Medical for over ten years. He supervised over 15 drivers, maintained a fleet of vehicles and was overall responsible for the delivery of medications to hundreds of long term care patients throughout the Carolinas. He was loved and respected by many at Neil Medical.

Petee, as we all called him, was adventuresome and absolutely fearless. Over the years I learned that he could barefoot waterski, rode bulls and broncos, worked on a fishing boat, and also at a nuclear power plant. He loved animals of all kinds, but his passion was collecting and shooting firearms with his son Sam.

Goodbye my friend-you will be missed.
