“ To: Tony "My first best friend" and Mike everyone's kid brother my thoughts and prayers go out to both of you and all your family tonight. I will always remember as a kid staying with you at your moms. I look back at what seems like yesterday, and still remember your mother serving me my first spinach not a treat at that age, but time has a way of making things turn into sweet childhood memories. Often over the years, when I have returned to R town I've pasted your moms place and the old gas station on route 305 and thought of those special childhood times and the people who were apart of them. Now I think of your mother who helped make them possible for each of you and your friends. Tony you once told me at the end of high school "Mosh. never forget, no matter where, or how far you go, who you are and, never ever forget whose you are!" I believe your mother would have liked you and Mike to remember this now. Heaven is blessed tonight with your mother as we all were and each of you still remains. I told my daughter tonight , about how best friends are best friends no matter how far away they have traveled and she said " like moms". I can't say it much better than that, so Godbless you all! I live a few hours from where we started so if either of you make it back to R town let me know so we can catch up! My prayers are yours tonight!
