“ I am so heart broken but also I am so Blessed that John was a part of our lives. He is going to be missed so much, but though all his beautiful kids his memory will go on! He was such a great Dad. I enjoyed seeing all his pics of the kids when he posted them online, & really enjoyed his visit when he came out here to Arizona to see his best friend Kevin who loves him just like a brother, I have so many wonderful memories of those two growing up together in New Jersey. Sending the whole family lots of Prayers, & asking the Lord to comfort all of you at this sad time. Lots of Love & Prayers, Betty Hendrickson

“ Oh, my dear sweet nephew, the day your mother called me to tell me your golden heart stopped beating, my mind started reflecting on your life.

Through the tears there are images of you as a little boy playing with your new Kenner Star Wars falcon spaceship, sleeping with your stuffed animal Yoda the Jedi master, or driving your cousin Brian around on your new motorcycle. And I surely will never forget that time you and Brian decided to take up carving. As the years went by I watched you become a father to 4 beautiful souls. Each child having a special part of you in their genes. You have a passion for helping and caring about others. Your greatest passion was to be a police officer. All though this dream was never filled, I could just see your mother following you around on your shift making sure nothing happened to her sweet boy. Your love for your children is unmeasurable, you get that from your mother. You can rest now knowing Mom and Sis will look after your children, and share many memories of you, that will be fondly treasured by them for years to follow., You will live in their hearty's forever. Your love for animals showed your incredible soul. I can remember the day my fur baby cooper was bitten by a copperhead snake; you went with me to the emergency vet hospital. You sat with me for hours assuring me she would be ok. Or the time you took in that beautiful German Sheppard because a coworker needed to find that fur baby a home. You grew to be a very unselfish gentleman and at the end, your greatest accomplishment (besides your children) shined when you decided a long time ago to be an organ donor. This was very hard on your mom as you know. She realized your wish to save lives was your last request on this earth. The special bond you both had helped her find the path to complete that task. The gratitude of your thoughtfulness was lined in the halls at the hospital where your family had to say their final goodbyes. That day you saved lives; you will continue to save lives through research. There is no better honor than the walk of honor! I have so many memories of you my sweet nephew that I will carry around until we meet again.

“ John loved his 3 girls very much and they had him wrapped around his finger. Their best memories with their dad was going to the beach and him teaching them to drive.
