“ I am so sorry to hear this news Dittrich family. I loved talking to Joe about new music (which I didn't know then and still don't) and 'old' music from my day! Joe was also a fan of Jimmy Page. And calls in the evening for some homework help. I knew then he was a good kid and by the looks of things he grew into a great man. My deepest sympathies to you all. Deb

“ I had the pleasure of meeting Joe when I first started working on the Lowe's Account in 2015. He was so positive and funny as well as a great partner. I remember our first trip to our new ship site on April Fool's 2015 - everything that could have gone wrong just about did (couldn't get an order to export, missed the truck being loaded, drove through a snow storm, and the truck ended up getting stuck in a traffic jam, barely got out of Scranton, NJ). We made the most of it and got a lot out of the comedy of errors. Later, I got to know Joe better during a few dinners after our meetings (at one of his favorites, Alino's), he reminisced about his great childhood in Colorado, how the cannoli's at Alino's were the closet to what he remembered growing up, meeting Rhea and her beloved family - especially her father (the comedian) in Hawaii. He had wild tales from his many jobs (sign holding) and Lowe's stores & RDC's (creating a jury-rigs to maximize the # of carts he could retrieve, pranks, and customer stories - like fork lifting a bathtub on top of a tracker that busted out the windows - but the customer had demanded it and he was smart enough to have gotten a waiver signed before doing what he firmly had advised the customer not to try to haul). He loved to have fun and wove that into everything he did. He was an insanely hard worker with whatever task was at hand and made great relationships with all he touched. His determination was second to none. I will truly miss Joe and it breaks my heart that we lost him so early in life. He has inspired mine! All my best.

“ *Joe & Rita - words can't express how sorry I am for your loss. Y'all raised one heck of a son & I know how proud y'all are of him. I still have the picture of me & Josef with my little yellow bug at one of his ball games! Hold tight to your memories and take comfort in knowing he's no longer suffering. My love to you both.*

“ Joe, We hadn't spoken since high school as our lives took different paths which didn't cross again. I'll never forget making potato guns in your driveway and learning to say our names backwards so that we could record it and play it in reverse just to laugh our butts off. You always had a plan, whether it was just to go to Taco Bell, or start a band, we were never bored. I'll miss you buddy. My condolences to your family. -Graham

“ I am very sorry for your loss. I had the privilege of working with Joe as a vendor with Lowe's. Joe was a great person filled with stories of humor and adventure. I really enjoyed working with him. We often had our best meetings at lunch or while telling stories and eating cupcakes. I don't remember a time Joe did not have a smile or calm demeanor on his face. Joe is an inspiration to others!

“ Rhea: I'm so terribly sorry for your loss. An angel got his wings. I'll always remember my 'little yosef' and will fondly call him this forever! Only those who worked with him in Cheyenne can truly understand how goofy this truly sounds because he was build like the Hulk! I had the pleasure to work with him for several years here in Cheyenne. He always made me smile and I loved our conversations about what the two of you were always embarking on. He truly loved the outdoors and the activities you did together. Bless you and the family.
