“ I will always remember Judy as a loving Mother and Grandmother to her family. Her love of family surpassed all else. Judy was kind, bright, and passionate about equality. I met Judy through her amazing daughter Karen, whom will always hold a special place in my heart. Karen, Mr. Sachs, and family will be in my thoughts and prayers.

“ As my sister, Sher mentioned in her memory of Judy, she got me an interview at Daniels-Head/Aon and worked there for 5 years. We had so many great memories there from laughing, birthday lunches and sharing stories of our families. She was so awesome to work with and one of the smartest people I knew! Judy was kind and generous. She will be greatly missed.

“ I met Judy, and her husband Jeff, when I was 6 months pregnant taking the train to my job in Chicago. She commented on my pregnancy saying, “Wow, any day now?” I laughed and said, “I wish! I have 3 more months yet.” They were shocked bc of how big I was showing at only 6 months, and that was 26 years ago! . Day after day went by with us giving a warm hello to each other until they invited me to start sitting with them each morning. We became friends, laughed a lot, exchanged stories and numbers, and after my baby was born, they invited us to their Aurora house, which was the city we also lived in during that time. I even went to her daughter’s wedding which was a week before my sister, Gina’s wedding. Speaking of my sister, I got her a job interview with Judy’s company and she was working there for 5 years until she decided to stay home and raise her children. During all these years, we always sent Xmas cards to each other and stayed connected thru Facebook. A part of our heart is completely chipped off with her loss. She was one of the kindest, giving, sweetest people we knew. She is definitely being rewarded for all her work here for so many. We will always love her 💕.

“ Mrs. Judith took me into her family on first meeting and she always knew who I was when I called the office years after leaving school. Her daughter Karen is a great friend to me and I am forever grateful she let me know her mom. Mrs. Judy rest in peace, watch over us, and always remind us in your way to be as fearless as you were. 💕

I met Judy in church one Sunday and invited her to join Martha Smith and I for lunch. We really enjoyed getting to know her and hearing all about her family. She really fought a great fight and we looked forward each Sunday to seeing her.

“ Judy is my first cousin. I never had a sister and she became the closest thing to one that I had. I will miss her so much. Her love for her family extended to all those who have gone on before. We shared that love of family history. Now she is with her parents and brother and all those wonderful people she sought out and learned so much about. Sending love to Jeff, Karen, Ken, Ari and all the grandkids.

“ I got to know Judy while I was Registrar of Mary Slocumb DAR. Judy was the Treasurer at the time and was always available to help me with a chapter check when I needed it. She will be greatly missed.

“ This lady was very special never judged anyone and had a heart of gold. She welcomed my son Randy into her home and made him her “son” and was so special and loving grandma to her grandchildren. She will be very missed and special love and prayers to her family.

“ I am so sorry that I will not be able to attend, but she definitely left an impression on me. I remember walking into your law office for a consultation, and being met at the door by a pit bull is the closest thing I can compare it to. I was wearing my winter work gear, and I probably looked a bit like a zombie with the complete lack of sleep, so while she seemed friendly I could tell it could easily go the other way. A woman almost twice my age and half my size, but as fearless and protective as only a mother can be. I liked and respected her immediately.

“ I was desperate for help. I had a special needs child that was being kicked out of her public school. I was referred to Karen Vaughn for help. Yes, Karen rescued us and is still with us today and our child has far exceeded everyone's expectations. She is soaring... Karen rescued us, but oh the love and compassion I received from Karen's office manager... her mother... Judy. When I broke down and cried asking for help Judy came around the desk and hugged me and comforted me and reassured me I had come to the right place. She was right. She became a strong support system for me. She gave us optimism and she was VERY confident her daughter would help us. She lived long enough to see our child blossom. Last week Judy was given her angel wings to fly... so deserving for a life we'll lived. Last week our straight A "special" child started 7th grade. Thank you, Judy for all your love and encouragement. Thank you, Karen for being all your mother knew you would be for us. Love you.

“ Judy and her family were close friends of our family when I was growing up. In some ways, Judy helped raise me and my sisters. I adored her as a child and was devastated when they moved away. With the powers of social media I was able to find her again as an adult, and even able to visit with her. I will never forget her smile, her kindness to my family in tough times, her special friendship with my mom, and of course, her simply AMAZING deviled eggs. Judy, there are simply none like you and you are greatly missed.

“ My law firm was in real jeopardy. I had the legal knowledge but no ability to run a business. I was probably a month from shutting my doors. Then Mom came to work for me. It took her a full 3 months just to straighten my books out. She believed in what I did and believed in me when I was ready to give up. That was 4 years ago and she loved coming to work every single day. Even when she was on her cancer treatments, I had to keep her from Quickbooks by logging her out and not giving her the password. She put her heart and soul into my firm and she left an impression on everyone that met her. She will be missed in the office every single day, but her presence will always be felt.

“ *Judy and I didn't share the same political party. However, this never caused a falling-out for us - we knew that the politicians of both sides had shortcomings and if they'd only listen to us, as we solved the world's problems over lunch, all would have been well. But they never did.....*
