“ I love you Grandma and cherish our memories together. I especially cherish and enjoyed our countless long hours sitting in the swing in the backyard talking. I have always thought you were such a beautiful lady inside and out. I can see why Grandpa fell in love with you. If the world was full of people like you then this would be heaven on earth. I learned many things from you but I wish I could have learned to have the patience and forgiveness that you possessed. I am a very lucky girl to be able to call you my Grandma. I hope Heaven has a flower garden so that you can get back to doing your favorite hobby. I also hope they have Andes candy for you ! That's another great memory, Jody and I sneaking to get one out of your refrigerator on the back porch. Sending Big Hugs and Kisses to you, give one of them to Grandpa and Daddy for me. You are forever in my heart and never forgotten.
