“ I knew Karen when she was a baby— in fact I used to babysit for her and Linda since I lived across the road from them. She was a little spitfire then and I’m so glad she stayed that way. She was the perfect best friend for my cousin, Debbie, and will be deeply missed by so many! I was so touched when, after so many years, she came to my father’s funeral last year. That’s the kind of person Karen was. Someone with a big heart and loving spirit.

“ *Blessed and honored to call KC not only my friend, but she was family to me through our work family. Her infectious laugh and caring ways will always be embedded in my heart and I will carry that with me wherever I go. Laughing til our ribs hurt and having a great time was always the case when she was around. She has left with us grand memories and cherished moments that will last us a lifetime. She loved her family like no other and always shared them with us when she could. My sincere condolences to the family. KC was was truly something special and we will all miss her tremendously.*

“ *I worked with Karen for seventeen years and we became family. She made me laugh so hard. I loved to see her smile everyday and hear about her family, especially about her grandbabies. She loved them to the moon and back. She would do anything for her family and her work family.*

*We gained an angel that will watch over us daily. You will be with me always Karen. I love you to the moon and back. I know you are at peace now at the ocean. When I go to the beach, I will think of you and hear you every time the wave crashes. Love you my friend xoxoxo*
