“ I loved this woman so much, she loved me back and I always knew that. My head flooded with memories of me as a little girl at her house all the time. Watching home videos together, constantly petting one cat or another, going through her bedroom to see what make up or finger nail polish or hair bows I could find and use, watering plants with her, dancing in the living room and uncle Bobby singing along with the radio and her just clapping along. I love you aunt Kay, I've always loved you. Hug uncle Bobby for me and rest Peacefully! 💜

So sorry. I knew Kay and live out of state now. I used to fix Mazel's hair and loved Roland's funny sayings. I remember little Loren growing up. Did not know Bobby had passed as well. Thinking of Lorrn and family.

“*Mrs. Kay, or more lovingly known, Nana, was very special to me. She was always very sweet to me and one of the kindest people I know. She never had a mean thing to say about anyone, even if they deserved it. I had the pleasure of helping take care of her in her last few years and I enjoyed the time we spent together. I will miss you Nana, n I love you very much. My condolences to Kaylynn and Loren. Love you both.*
