“ *I had the honor of working together with Larry at Sears for a number of years prior to his retirement. He was always a hard working, dedicated MMI.....when he was on the job you didn't have to worry about it getting done. Larry had such a quick wit and would keep us in stitches over many dinners after work while we were on the road. Always a gentleman, Larry was a man of great integrity. May your soul rest in peace my friend.*

“ When we think of Larry, we think of a great guy, with a warm heart, wonderful personality, and good friend. Lonnie will miss the Friday afternoons spent together, playing Golden Tee, the great conversations they had together, the days spent on the golf course, and the friendship that had grown between them. Larry was a great husband, fantastic father, and adored his grandchildren. We will miss him so much. We send our love to Chris and all the family

“ From a childhood friend who shared many good times back in Walston. Say hello to all of those many friends and family that have gone before us. May your loved ones find strength in faith knowing that you are certainly in a better place.

“ Larry and I worked together for probably about 20 years at Sears in 824C, the construction department. He was quite a guy, we had a closeness because we were in the Navy and I kept asking him what he did, and he told me, he was sworn to secrecy not to tell what he did...personally, knowing Larry, I think he was pulling my leg as he always liked to tell a joke, and hang with people that laughed with him. We surprised him in NC for his retirement or birthday with his boss and a bunch of us rebels. Needless to say, a lot of beer was consumed and the game room was probably a mess the next day!!

Vivagolf.....RIP my friend, you will be missed by many more friends than you know

I too was at the surprise party that Alan mentioned. Larry was a special guy, who I always looked forward having on one of my 824 projects. He too surprised me in Arizona and along with many on that construction team, became a real family, one that was never replicated. His passing is touching us all immensely.

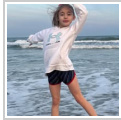

Peace my friend to you and your family. Dennis Byrnes
