Leah was a beautiful person inside and out. We met in college and I have so many wonderful memories with Leah. We bonded through our sorority and she was my “big sis”. Always there when I needed her. So many fun nights in the Tri-Sig house with her 💜 Through the years we lost touch but a few years back when I had my daughter she reached out and wrote me the most beautiful message. We shared a few messages back and forth and it was so nice to reconnect. I will miss her and hope she is at peace. Rest easy Leah... we will all miss you ❤️

“Leah was always the light in every room. She was energetic, fun, and always up for an adventure. I'll never forget getting ready with her at unimart apartments or just hanging on the sofas at tri-sig. i wish peace for her now and are thinking of her family and all of her friends during this difficult time.

“Leah was incredibly thoughtful, extremely caring, unbelievably fun, and exceptionally unique, and I had the privilege of being her roommate for the better part of college years. Many of my best memories from Bloom feature Leah as my sidekick and partner in crime.

As time went on following our graduation, we were separated by distance (and my difficult decision not to follow her to NC, as I had met my future husband here in NJ), but when we were reunited, the years simply fell away and it was as if nothing had changed.

Leah remained a bright light whose presence would change the energy in a room immediately. I could always count on her to bring her effervescent personality, fiercely loyal friendship, and never-ending quest for fun and adventure to every get together over the last 20 years. She felt things deeply and constantly challenged those around her to consider pretty much any and every topic from new and interesting angles. She turned heads everywhere she went thanks to her eclectic style and exotic beauty.

I only wish I had more time with my lovely, vibrant friend. I wish I had the chance to tell her how important she was and how much I loved her. I will miss and mourn her always.

“ *Dean*
I cannot express how my heart hurts for you and Leah's family! I had the opportunity to talk to Leah the Saturday prior and she was fun of joy and shared how happy she was and how she was in the best place in her life.
It was obvious she loved you dearly.
God bless you.

“ My heart is saddened to hear about Leah’s passing. I know that because of her sweet, caring spirit that she will be greatly missed by all those who love her. Leah and I shared a great love for our furry feline friends. There were very few times that when Leah saw a cute little kitten that she wouldn’t immediately swoop that kitten up and usually take it home with her. That’s how I will remember her: caring, loving and always beautiful. I will see you again Leah.

“ *We are so sorry to hear of Leahs passing. One of our greatest memories of Leah and there are so many but I want to share this. Leah and Dean had come to our home to check out our above garden boxes. Leah fell in love with this idea. Mike and I gave Leah and Dean garden plants to plant at their house. Leah had plants and buckets in there back yard. She was so excited that she was producing vegetables and Dean would sent us messages showing us her Garden. This was so touching to Mike and i. May you Rest In Peace Leah. A beautiful young woman gone to soon. We will see you again one day and we will walk the streets of gold and plant our Garden.God Love you all and many many prayers to you all. Elaine and Mike Dunlap*
