“ Our deepest sympathy to Brenda and family. Petty was a good friend and brother-in-law. We enjoyed hunting for parts together, going to car shows, drag racing, or hanging out at street rod meetings. Petty was always ready to help at any time and would give his shirt off his back if he could. He will be sadly missed by all. Our hearts go out to you. Love Blaine and Donna Bunker.

“ Brenda, my heart goes out to you and your children. I only recently came to know you all but the attraction was instant. His love of cars was contagious and his knowledge boundless. I truly enjoyed sitting with him and listening to him spin a story! He will be sorely missed.

“ After living near Petty and Brenda for awhile and seeing old cars trailered up the hill I thought I need to see what's going on and introduce myself. It didn't take but a second to enjoy talking to him and hearing his many stories. He was a great man and I always tried to go up and see what new project he was going to come up. To his family and friends, may God give you strength through this sad time. I am proud to have known him. He will be truly missed.

“ Old friends from Maine very sad to hear about Petty's passing. Love and hugs to the family. Have fond memories of hanging out at the garage chatting and Petty did a great job fixing up my 99 corolla - which is still on the road today. ?

“ Petty has been an important part of our family for many years. He was a dear friend, mentor, father/grandpa figure all rolled into one to Tyler. Just thinking of the two of them working side-by-side and all that Tyler gained by having him in his life makes me smile. He will be greatly missed.
