“*Susan Meadows was a good friend - always quick with a laugh, loyal, a caring mother, and just about the best concert buddy anyone could ever ask for. If I ever had a sister, she'd have been a lot like Susan. When the chips were down in my life, she was one of the solid few who really invested.*

*Prayers for her son and family.*

“ A few years ago Susan joined me and a few ladies for drinks at Fahrenheit. It was a beautiful night and so much fun. I wish I had more photos that I could share of all of us laughing and carrying on. She was a very private lady and I am just glad that she let me in from time to time.

“ Susan I were close friends in middle and high school and I regret not keeping in better touch. Susan was so much fun and I admired her strength, self-assuredness, and her beauty. She was beautiful inside and out and I loved her My heart goes out to her boys and to Linda and Russ, her parents and brothers. She's gone way too soon. May her friends and family find peace in all the fun and special memories shared with her. I treasure all the good times we had back in middle and high school.

“ Susan was a wonderful person and an amazing friend. She loved her boys, Satchel and Luke, and did everything possible to be there for them as long as she could. Susan loved a full bodied glass of red wine, live music and the news! She did everything to the max and enjoyed life. Some people come into your life for a short time and have a big impact. I will miss my friend. I pray that her family feels comforted and supported during such a difficult time.
