“ Hey buddy,

I'm having a hard time trying to figure out why you left and where you had to go. I know you had reason enough, & that reason is good enough for me. Just know that I miss you, we all miss you.

People need to know that you were the type of friend who would rather just hang out with your sick best friend on Halloween, &/or go out to intentionally get as much candy as fast as you could, specifically so you could get back to split the trick or treat profits with me so that I would have a good Halloween too. You were always there to help me when I needed it the most & I'll never forget you brother.

This world needs so many more people like you in it. Have an amazing journey my friend, I'll look for you in the stars when I get there.

Goodbye For Now

I Miss You Dearly

“ *Our hearts are broken! Ryan, Suzie, and Dwain we want you to know we are thinking of you all and sending much love from Missouri. We wish we could be there with you to share in the tears, memories, and family fellowship. There are no words to express the loss someone, especially when it is family. Michael will always live on our hearts and minds! I have such fond memories of us as kinds in Oklahoma. Whether it be riding 4 wheelers or sliding on the ice, we always found something fun to do in the country. I pray that you find comfort in each other as the new chapter of life begins. With all the love and deepest sympathy,*
