“ I will miss Ned so very much. He was the most caring person at Amesbury. I worked with Ned for almost 7 years and He really took his job to heart and if I ever needed anything he was always willing to help In anyway he could actually he would go beyond that if anyone was treated unfairly. Ned didn't look down on anyone at work he thought of us as a team always cheering us on with inspiring words. I told him once that he should be a inspirational speaker cause after talking with him about something challenging he would make you feel as if you were so so smart and could do like it was nothing. I will never forget that walk and unique voice. God Bless his Family and Prayers will be sent. Love L. That's what he always called me. Sincerely LaTonya McClelland.
