“ June, thank you so much for being so diligent to track me down to let me know about Reid's passing. I am so deeply sorry for your loss, and I truly meant what I said if you ever need to talk to someone, I'm here for you or I may just be the one calling you!

*I am still so stunned and saddened that it has taken me a while to set about sharing my thoughts about my good friend. I will never forget his deep voice, slow drawl and dry wit. Oh, the fun and peaceful times we had over the years at the beach, memories that will forever be with me. When my marriage ended and he was a newlywed, we lost touch for a few years. But eventually reconnected and shared lots of long phone conversations, even more texts, and were planning to go to the Bahamas in the Spring. But then COVID hit and those plans were postponed. Then I moved to Texas - which is like starting life over - but Reid was always there for me to give his strong support and to let me know he was there for me and would help in any way he could. The world has lost a truly selfless, loving, devout. strong and irreplaceable man. Oh, how I will miss him!!*

*You'll always be in my heart, Reid. Until we see each other again on some heavenly beach, may your soul be at peace.*

*With much love,  
Theresa*

“ I met Reid in the shallow water of White Lake while swimming many years ago. Reid, I believe, was 4 or 5 years old at the time and I was 6 or 7. Over the course of the next 14 years our families would spend many 4th of July holidays at the lake. We shared so many good times. I profoundly remember the laughter and joy in those times and how much Reid contributed to so many fond memories . Gentle in nature and wisdom beyond his years, Reid was a friend to the world. He was so inextricably linked to my youth that I can hardly recount a reference to those years without a smile on my face when I think of Reid.

In our 20's we lost touch as our paths to career and adulthood required the more immediate attention but I always knew that he was out there. Those who knew him and shared his company throughout his life should be considered most fortunate.

Buddy, I hope to meet you in the shallow water of some eternal lake again one heavenly day. Until then, may your soul be at peace in Gods embrace.

Love, Skeeter

*Always looked up to Reid... he was a head taller than I ...and wise well beyond his years..I did not know he was youngest county ranger ever in NCFS...We were both County Forest Technicians for a number of years with NC Forest Service.. always meant to ask Reid why the average career of a NC forest ranger was less than 5 years.. Reid called the front door @ the district office a revolving door.. with that said Reid was made of the "right stuff".. thank you for your years of service to the NCFS and helping plan my retirement event*
