Robert's wife Cheryl was worthless and treated Robert like dirt. No one much knew it except his close friends, but Robert told me several times there at the end, that he would be better off dead then living with her. She stole his medication for her own drug use, while leaving him in pain.

“ Robert was a good friend. We shared a lot of good times and good conversation. I worked on his crew in ISI and he was one of the best supervisors I ever had. The last time I talked to him, he told me he loved me and I told him I loved him too. Robert will really be missed by all his friends and loved ones. My wife and I send heart-felt condolences to Robert's wife and all his family during this time of bereavement. We will keep you all in our prayers.

Sincerely,

I found out differently about his wife, it I can't edit my previous post. His wife has called me wanting money more times than I can count. Robert, I'm sorry you had to go through what you did. I wish I could go back and talk to you. That woman Cheryl was never any good. She was running around on you with Mile, & Skeet.
