“ I worked with Robin Huggins for almost 30 years in the Telecom Industry. The absolute worst person I’ve ever know. Mean, hateful, vindictive and a massive narcissist. Constantly bragging and boasting about himself. He must have been a tormented soul to inflict so much pain and suffering to others.

PT Cruiser Junk - November 10, 2022 at 10:48 PM

I asked Robin how does he continuously get away with bullying and harassing his employees and coworkers without getting reprimanded by HR? He said, “I’m golden, I’ve been sleeping with our HR Manager in Dallas for years.”

“ It's so nice to see people from so many different states sending love. I rarely saw my Uncle Robin, but the times that I did I ended the night with a stomach ache from laughing. I wish things could've been different for him. He's a great man that will be missed by many. ?

“ My sisters and I are in shock over the loss of my sister Sandra's son Robin. It is one thing to loose a parent, let alone questioning and trying to understand the loss of a child. Our hearts go out to our sister and Robin's wife, daughters and his son and all of his family members and friends. With love and sincere sympathy.....

“ RIP to my very long time Friend and Cellular Colleague for 4 decades, Robin Huggins. Robin was one of the, if not the first person, to test a Cellular Phone Call in the USA '85. A True Pioneer and Leader of the Wireless industry which his service deserves acknowledgment, i submit. Will miss you Robin very much as we go down this temporary road and i wish i could have done more for you as you always would want to help others. My sincere condolences to Susan, Jeremey, Hailey, and Jillyan and to all of Robins family. In Y'shua's Name Shalom.

“ I spent several years working with Robin; most of them sitting beside him during meetings so I could kick him under the table. It never did any good, Robin was not to be deterred. He made me laugh, cry and sometimes pull out my hair. He was a good friend. You are in my thoughts.
