“ Ronny,
How do we begin? In the many years that we have known you, we were blessed to have you celebrate with Allen and me, and our family, all the holidays, the birthdays, the special occasions, and our impromptu togethers. From Allen, he is forever grateful for welcoming his daughters into the family and always making them feel connected. We remember your humor, your kindness, and your selflessness in caring for all around you. Our personal lives have been blessed having known you. We know that you are now at a well deserved eternal peace, and we look forward to the day when we can see you again.

Love,
Carol and Allen

“ *When someone you love becomes a memory the memory becomes a treasure.*

Dad, as I sit here writing this message, memories of my childhood are flashing before me. You loved taking us girls on vacations, buying us gifts never saying no and totally spoiling us at Christmas in your little apartment. Even allowing us to have more than 10 hamsters at times and escaping their tanks. I can't imagine how you slept at night with the noise they make. Thank you for all the love you have giving to us and our families. You will be forever missed. All my love Dawn
