“ *I have so many fond memories of the time Ruth and I spent together working at the Iredell County Health Department. We shared a 4 person office in the old Statesville Health Department. Ruth always had a beautiful laugh and a kind heart. I remember coming into the office one afternoon and heard Ruth laughing. I asked what was so funny and she just smiled. I thought I heard something rustling around under her big old metal desk. Seeing Ruth's smile, I knew something was up. I looked under the desk and saw a medium sized dog pressed between Ruth's feet and knee hole of the desk. Ruth had found the dog and was determined to take the dog home even if dogs weren't allowed in the office. She had a big heart and showed it through caring for people and animals in need. I count myself very blessed to have know Ruth. I am praying for you all.*

“ Ruth was an incredibly strong lady with the greatest personality of anyone one might ever meet. She met my mom in nursing school and they became lifelong friends. May God comfort and bless the Thompson family at this time.

I also worked with Ruth at ICHD. She was a wonderful mentor and helped teach me the ropes of public health nursing. She suffered more adversity than any one person I've ever known and yet, she continued to smile and care for everyone else. She was an excellent role model and it was a privilege to have known and worked with her.

I worked with Ruth at the Iredell County Health Dept in Statesville NC. She was a happy person and a dear friend. I was the clerical person in the Child Health Clinic. She told me I couldn't leave that Dept until after she retired. Years later we retirees would get together for lunch quarterly until it was stopped by Covid. Praying for her family.
