I had the honor and privilege to have worked with Sam directly or indirectly for most of his years at Lowe's and to have been his manager most recently. Sam was known as a subject matter expert in his area and he invested his time in improving the skills and knowledge of his team members. He was also protective of them to ensure they were treated with respect and appropriate expectations. Sam was nominated for and received a performance award, which was very well deserved for his excellent contributions this past year. Sam frequently mentioned his family, so I knew they were very important parts of his life. Sam was a unique individual who touched many people in very positive ways, including myself. He will be greatly missed by myself and his Lowe's family. My family and I will be praying for his family during this time.

Woke up to this Sad news & it left me void, Heart felt condolence & Prayers to the grieving family. Sam was there to guide me thru all the tough times right from the day of my Interview, his absence is more of a personal loss to me. Man of Punctuality & always a cool dude.

*To Sam,
You promised me to give your Watch(radium color) & your goggles.
You thought me, "everyday is filled with new learning & to keep learning ". Wish we had met in personal and talked about many more life lessons but universe had other plans. Will miss you a lot Sam :-)*

I had the privilege to work with Sam while a consultant at Lowe's. I loved how he always called it as he saw it to ensure the integrity of the software that was being delivered. We used to chat about the Western Pennsylvania / West Virginia area where we both grew up. A truly nice person that will be missed by many. My condolences to his family.
