“ *There were 3 girl cousins close in age; Sandy, Revonda and me. We loved the same things and enjoyed visiting each other every summer. We loved the lake and had such a good time growing up. I was in Sandy's wedding and she was in mine. We lost touch after we started our own families which I regret. Most of my favorite childhood memories include her. But I know she is truly living now, reunited with her love ones. You finished your race, a well deserved rest awaits.*

“ I was in Troutman school with Sandra and have many memories of her. An especially fond memory is of our being called down a number of times by Mr. Kennedy in the seventh grade for playing Chinese checkers when we should have been doing class work. May God's love surround your entire family during this time of grief.
