“ Sandy I miss you so much, I'm so glad that I got to spend time with you at the home where you were getting therapy. We had a great conversation. My favorite memories with you were sliding down those carpeted steps as kids in the basement until we got in trouble and sledding in the snow down the hill beside the house in the winter time. Those were some fun times. We will forever miss you and love you so much. Here's a purple candle to remind me of you and your purple room 😊

“ *Sandy, Sandy, Sandy... I miss you so very much. You gave me many first in my life. My first trip to the beach will always be one of my favorite memories of us together. You gave me my first stereo for Christmas one year. When you wanted me to come live with you when I got out of high school and how excited I was both times I came to live with you. We would laugh for hours over the craziest and silliest things. We would go out dancing when I was off of work. We went so many places just on a whim . You would always freeze us to death because you always had the air cranked up lol. You made the best homemade pizza. Even though we all lost so much time together after we lost grandmaw, we kept in touch often. You were always checking on me and seeing what was wrong when I was having trouble with anything. I will always miss you and carry you with me always. Give my momma a big hug for me and tell everyone that I love them so much. I love you Sandy. 🙏🙏❤️❤️*

Still don't seem real that she is no longer here with us I miss her so much as well she was my go to person to talk to about everything. she would help calm me down when I was upset she would talk to me when I needed someone just to talk to and sometimes just to listen. I'm still having a really hard time with this but I'm so glad her pain and suffering is over. I long to be with her one day soon I hope

My favorite memories with Sandy were when we stayed the night with them and slid down their stairs over and over and over again getting carpet burns and sledding in the snow down their hill on the side of their house in the winter time. Sandy we miss you so much but know that you're happy up there with your mom and dad and everyone else, you fought so hard to stay here but God had better plans for you. We will always love and miss you so much. RIP

“The family will miss you greatly Sandy. We all love you. You always was blunt to everyone telling them what they needed to hear even if they didn't like it, but you did that outta love to help straighten us all up in the end. You was awesome lady who loved your family very much. Continue to watch over us all. We will forever let your memory live on in our hearts. We love and miss you so much.
