“ Aunt Sally was a wonderful person and I have many fond memories of her as a child. She always made every effort to make special holiday and family events for our family. I recall many lunchtime wiffle and football games at her house with our family. She also should be remembered for spending a large portion of her life helping others in poor health, making their difficult days a little better through her caregiving. May she rest in peace knowing she made the world a little better. Love, Karl
