

Sherrie Thompson Menscer

December 24, 1954 - June 15, 2016

Sherrie Lou Menscer, 61, of Statesville, passed away at 7:30 am, June 15th, 2016. Surrounded by her family, she opened her eyes and began to hum and left this world for a better one. She had been battling breast cancer for four long years. She was predeceased by her father, Arthur "Bill" William Seymour and mother, Dorothy "Dot" Seymour. She is survived by her husband and best friend of 16 years, Bradley Menscer. Her three children, Tabitha Nance and her husband Johnny, Amanda Bates and her husband David, and her favorite of all (Smiles) John Spear and his wife Becky. She also had 9 grandchildren who lit up her life. Sherrie was a strong woman of faith. Her relationship with God is what helped her fight so hard for so long. She believed that having faith in God was as important as breathing. Every life that she touched, she left an imprint in their hearts. Another passion of hers was her family and her church family. Which she believed was one in the same. She was raised in Vermont, but it was NC that she made her home. She was the glue that held us together, the anchor that kept us grounded and the compass that always helped us find our way. Our true north... Growing up, she wasn't only our mother, but our friend. Her true happiness came a little later when she met and married Brad. It was like watching a butterfly emerge from its cocoon. Those were the happiest years of her life other than the years spent with her children and grandchildren. She was always up for jokes and playing around and her sarcasm. Well lets just say there was never a dull moment when she was around. She was a great wife, a wonderful mom, and a true friend. She

inspired everyone around her with the will and the fight to live, and her undying faith in God. She will be missed today, tomorrow and everyday, but will live on in the memories and love she gave us... We are having her service this Saturday, June 18th at 7pm at Longview Christian Fellowship on Longview Rd in Statesville. Condolences may be made to the family at www.cavin-cook.com.

“ Dear Mom Today marks three weeks from your last breath and three weeks from the moment I held your hand in mine as I sat beside you. There are so many memories rushing through me. I will forever miss our morning talks and car rides together holding hands. I will forever cherish you always because as I became a mom myself I realized the closest person I have ever had to my heart has always been u. You truly are my best friend and there will forever be this emptiness in my heart as I Long to hear your voice or your laughter. I'm not sure how to be here without u. As everything seems so numb for me still. But I want to say thank u for giving me the best gift of all and that was bringing God into my life. Without him I know in my heart I could never be without u. I wrote recently that I felt as though I was in pilot mode. A dear friend to me wrote me and said that the pilot mode I was feeling wasn't pilot mode that it was God carrying me through this pain until I was strong enough to go on all on my own. That has given me so much peace. And knowing u are in heaven without pain. I remember once outside of Cracker Barrel as u made me walk barefooted in their green grass u told me that I shouldn't worry because either way you would be okay. I asked what you meant and u said your weren't afraid to die because u knew what would be waiting for you at the Gates of heaven. I'm so thankful for our talks and the reassurance that God has you with him now. Mom I love you so much and I want u to know I will always carry God with me and I will always live a life you would be proud of. Your Tabagale

“ There are no words I can say to ease your pain. Hold tight to the memories of your Mom and know she will always be with you, watching over you. There is no more pain, no more suffering for she is at peace now. Thinking of you all in this most difficult time.
