“*My husband and I are so saddened by this news. Stacey was the nurse to administer his 1st chemotherapy treatment. She was so kind, caring, and compassionate to him. She made sure we understood what she was doing and what to expect. She also had a ready smile and laugh. We will miss her so much as we continue on the path of treatment. Our thoughts and prayers are with her family, friends, and coworkers.*”

“ Oh my dear friend Stacey! Life will never be the same! You were the sister I never had! I cannot think of my childhood without thinking of you and all of the good times! All of the sleepovers and all of the laughs....all of the trouble and all of the tears! What I wouldn't give to have one more moment with you! Just one more memory! I will forever hold you in my heart! Rest easy my dear friend!

“ All of my BEST memories are with Stacey. From the time she took me to my drivers test, working together, years of softball... I can go on and on. My heart is broken. Love you so much Stacey.

“ *Stacey and I worked together at Huntersville hospital. She was not only a great coworker but a friend full of laughter and kindness. She really had a heart of gold. I could joke with her about anything and everything. She also taught me a very important lesson, that being a sensitive person and caring for others is a rare quality and to never change. I will always carry that with me, thank you Stacey. My deepest condolences to her family, I will be praying for you all in this difficult time.*
