“ *Thank you, Jason, for calling me today. My condolences to you and Cory for the loss of your dad. When Steffen and I were married there were many good times. It's best to forget the bad times. He still appears in my dreams at times. We continued a friendship by phone after separating and he would bring you 'boys' over sometimes. Steffen was very creative and and loved gardening. Rest in peace, dear Steffen.*

“ I first met Dewey when working on a VBS project--I was on the decorating committee with him. He was always creative and went the extra step to make something that was outstanding and awesome for the children. He was my assistant teacher for two years and we became friends. He was always so faithful and pleasant and loved by the children. He looked forward to visiting his family and would proudly mention a trip to go see them. I am praying for all of you and thank God for Dewey and his gifts.

“ Mr. Dewey will be sorely missed by our family. Our children looked forward to seeing him every Sunday morning and Wednesday evening at WCUMC. He would often walk over to say hi when he saw our car at their grandparents' house, too. This made our day every time. Dewey will be remembered as a great friend and favorite teacher. He will be remembered for his friendliness, kindness, patience, and smile. ----We are so very sorry for your loss. We are praying peace and comfort for the entire family.
