“ Every word I said a year ago is still true today! We miss you Steve!

I know we are all trying to understand the loss of our dear friend, Steve. I am humbled and touched by his time here with us. For those of you who don't know me, I am Steve's co-worker and friend, Mike Roth. We've been friends since he started working at MSC over 20 years ago.

I'll never forget our first project together... he and I sat across a desk from each other in the basement of our Melville office and designed MSC's first working keyword search engine. I was the crazy idea guy and Steve was the one who made my ideas practical and technically sound. His knowledge, curiosity and can-do attitude drove his success and always made him interesting to be around. Steve's work at MSC was always impeccable. He could bang out a two-paragraph email of demands in a matter of seconds. You always knew where you stood with Steve. He had a way of building great working relationships and making lifelong friends. Steve brought his love for technology to his home life as well... We both shared a love for technology and automation... In fact, we've both made our houses so smart only we know how to operate them! True Story!

Steve was an avid Yankees & Jets fan before moving to North Carolina where he enjoyed watching the Panthers & also acquired a love of professional soccer... most likely inspired by Emily's passion on the soccer field. Speaking of sports, Steve became quite the fantasy football savant winning our neighborhood league for a record 3 straight years 2019, 2020, & 2021. After learning of Steve's passing, our league commissioners have decided to name the trophy awarded to each year's winner, the "Steve Monaghan Memorial" Trophy.

If it wasn't for Steve & Kerri, we would not be living here in NC today. They along with the Katz family kept encouraging us to move our family to NC. Steve had even found the perfect neighborhood

and a lot only 6 houses away from his. He, Kerri, and the girls would go exploring our future spot, taking pictures, and texting them to us. Throughout the house building process after dinner each night Kerri would walk the approximate 1,000 ft to our house and inspect the progress... conveniently leaving Steve with the dishes. He didn't mind one bit!

Living near Lake Norman, Steve also became an excellent boater. He often dedicated Wednesdays in the summer to enjoy lake days with his family & friends. I will always have great memories of our families tubing and exploring the lake together.

Steve was a kind and caring friend. He never turned down the chance to help or come over to my house when I needed assistance installing a zip line, a floating dock, to feed our cat KitKat who absolutely loved Steve, or just help with any other task I wasn't brave enough to do myself. He made me smarter, braver and "almost" handy.

As a father of two boys, watching Kerri and Steve raise their two beautiful girls has been an honor. The stories he would tell me about Kylie's creativity and all the versions and colors of slime the girls would concoct and then ultimately end up on the walls and in the carpet was scary. They have both really grown up to be the sweetest & most respectful girls. I will always cherish the times our families spent together from game nights, world cups, Super Bowl party's, New Year's Eve celebrations, pool parties, and many other activities. While they won't be the same without you Steve, we will always find ways to celebrate you and the impact you had on us all.

To Kerri, Emily, & Kylie... Aka Fun Bun as she will always be known to me... He loved and cared for you so much! Thank you for taking such good care of him during this time. Throughout his battle he was always preparing and only thinking about how to provide the best future for you. Please know all of us are here to support you and carry out his plans in any way we can. We love each of you and you are part of our family forever.

To Steve - thank you for your friendship. You were the one person I reached out to most days to check-in and talk about life. I will miss your advice and perspective. You were not just a coworker... you were my closest friend, and I will miss you every day. Thank you for everything! We love you.
