“ I worked with Tassie as her aide at Sherrill's Ford elementary school. I had no idea that she had passed until I just was thinking about her and decided to look her up. So sorry for your loss she was beautiful a beautiful person inside and out. And even though it's been over 30 years since I have worked with her she has left a lasting impression on my life . Rest in peace.

Thank you so very much. It is so hard. Tassie and I had a long life together despite knowing in 1985 that multiple sclerosis was in her future. Take care.

“ *My deepest condolences go out to all of you! Tassie came to our infusion center in Huntersville and I remember caring for her on her first treatment day (and many after that). She and her husband, Randy, were always so thoughtful and giving. They even offered me Panthers tickets the first day of her infusion. Always very thoughtful. She will be missed! May she Rest In Peace.*

Tracy, she actually looked forward to her infusions, not for the meds, but for getting to see her friends!

“ I have had the honor of being one of Tassie’s doctors for almost 20 years. She had amazing resilience over the years. No matter how much pain she was in, no matter how sick she was, no matter how difficult it was for her to breath, she always presented to me with a smile. No matter how weak she was, she always stood up to give me a hug before I left the room. She will always be dear to me. I will miss her. Randy is also amazing. He has been an incredible husband and caretaker, showing deep love at all times. Randy, I pray for you. Love, Manish

“ *I'm one of the nurses from Novant that had the pleasure of taking care of Mrs. Moose. She was such a sweet lady. Every time she came for treatments she wanted to compare shoes to see who had on the best pair. She and her husband even gave me a gift for my baby. Their presence will be missed in Infusion and we will miss seeing her smile.*
