“ *So grateful for the time we spent catching up these past years, as our life's journey took us in different directions for so long. What a gift to be with you, usually with tables of great food in front of us, trying to catch up on so many things. While those of us in our earthly life are going to miss your smile, your goodness, your love, there are those who left before you celebrating what we all will miss. May we all move forward with love and goodness in your honor. Loving you forever, cousin.*

“ *Vyky was one of the favorite ladies I've ever had the pleasure to work with. She was always so upbeat and positive. My memory of Vyky will always include how much she so loved her family and country. I remember her telling me about watching the Olympics and fell asleep with the tv on. Around about 2am, the National anthem was playing, so she stood up put her hand over her heart, stood in reverence while the anthem was playing and went back to sleep once it was done. Vyky was truly loved by her workmates and will be so missed.*
